Continuation of Substance of Interview including description of the general nature of what was discussed: Ms. Mallon called Examiner to clarify why claims 28 and 61 were not included in the claim set to be examined in the restriction requirement dated May 17, 2005. Examiner explained that the agents of claim 28 represent a third group of agents (designated group "C") from which a third agent may be chosen that were not presented in the restriction requirement of May 17, 2005. In reply to the requirement, Examiner explained that Applicant is required to choose one agent from group A, one agent from group B and one agent from group C and that Applicant also must choose one of the four possible combinations of agents: (1) one agent of group A alone; (2) one agent of group A in combination with one agent of group B; (3) one agent of group A in combination with one agent of group C; and (4) one agent of group A in combination with one agent of group B in combination with one agent of group C. Ms. Mallon agreed and will contact Examiner with any further questions..
